Hi! Icestone here, with a quick message! How would you like to be a cat in this book? Here's how:

Comment which cat you want to be.

You can choose from being your own cat (please don't give your cat a leader name), or you can be a cat from the books (as long as that cat hasn't been claimed already).

NOTE: If you choose to be your own cat, they won't appear in the spoofs as often as cats from the books. And please say if they are a boy or a girl. Also, please limit 2 cats a person. IMPORTANT: I will respond much much quicker if you comment on THIS CHAPTER, not another random one in the book. There is a possibility that if you comment on another chapter rather than this one, it won't be seen, and say you want to be Cloudtail, and you comment on the chapter after this one. A few days later, someone comments on THIS chapter and says, "I want to be Cloudtail!". I won't have seen your comment until the other person is Cloudtail already, even if you commented first.

That's all!

So it turns out this is either spoof 42 or 44...depending on what you're going by.

Well, this is my first spoof in....umm.....yeah. A long time XD Soooo...enjoy. And thanks to _Simply_Unique_ for this idea!

HARRY POTTER, PERCY JACKSON, AND KATNISS EVERDEEN WERE ALL TURNED INTO CATS AND TRANSPORTED TO THE CLANS.

Harry-cat: Woah, what's going on? Where's my wand? AH! WHERE ARE MY HANDS?!

Percy-cat: Dude, relax. It's probably just the gods doing something wrong...

Katniss-cat: I DIDN'T VOLUNTEER FOR THIS! I NEED MY BOW!

Firestar: Welcome! This is awkward, but everyone died not to long ago, so we thought we needed new charecters, but we then realized it is entirely possible for everyone to come back to life.

Harry-cat: Right, so change us back now! I kind of need to kill You-Know-Who....

Percy-cat: Who? Sorry, I never got into Harry Potter, I have my own fandom to run.

Firestar: Um, well, you see...we don't know how to change you back. This was meant to be

permanent....

Katniss-cat: But-! I have games to win!

Harry-cat: Yeah, you can't just keep us here!

Firestar: Yes, we can.

cats come out of the trees

Percy-cat: Oh, it's on!

water starts rushing in and pouring over the clan cats

Harry-cat: I'm useless without my wand....but I am still THE BOY WHO LIVED!

Katniss-cat: Oh rlly?

Harry gets taken down by the water

Voldemort off in the distance: HAHAHA, I WIN!

Firestar: No, stop! Everyone can't die AGAIN! They just came back to life!

Elsa-cat: Oh Firestar, LET IT GO!

We're going to call this one spoof 43!

So these are the people from the last spoof getting warrior names. Thanks MlpPandaNerds for Percy and Katniss's names!

Firestar: We have four new warriors among us today! Lightningscar, Seawave, Arrowshot, and Iceheart!

cats chant the names

Iceheart: well, if you ask me, my sister should be named Iceheart, but....

Lightningscar: Whose fault is that, Iceheart?

Iceheart: You did NOT just go there! *ice starts coming out of her paws*

Arrowshot: This is no place for a cat on fire...

Firestar: *sigh* this really isn't working out, is it?

Seawave: To be honest, I'm liking it. I mean, sure, I'm powerless now that the water is frozen, but other then that...

Arrowshot: No one cares what you think, Seawave.

Iceheart: ENOUGH! I really don't want to freeze everyone!

Lightningscar: Little late for that...*shivers*

Firestar: Well, I think you guys need to leave.

the four poof out

Squirrelflight: Aww! But it was getting really interesting! And now we are stuck with leaf-bare, probably forever.

Firestar: Suck it up, Squirrelflight. But fine...

Iceheart poofs back

Firestar: Unfreeze the weather, please.

Iceheart: I don't know how!

cue Anna in cat form joining them

Anna-cat: *hugs Iceheart awkwardly, since they are cats and have a hard time hugging*

Iceheart: Fineeee....the cold actually kind of bothers me anyway.

snow melts

YAY

By: my kitty, Shorty

So yeah, I'm letting my cat write this one, because I can't think of any. And so he's filling in for me. Also known as he is determined I WILL NOT pet anything other then him, so he will walk all over the screen.

Hello readers...

So I'm sure you remember when Firestorm got on my account and made spoofs (that's hard to miss) and she hasn't been on here in awhile. I was thinking, what if we got her back to make more, since you guys seemed to like them so much. So if you'd like to see her come back, comment and tag her (@_Simply_Unique_) and let's see if we can get her to make at least one more!

~Icestone

UPDATE: She messaged me asking "why do I have 12 notifications?!"

Good job guys!

I HAVE RETURNED

SUP BISHES

so since y'all decided to bomb my notifications I decided to hack again :p so... In the words of Firestorm, "LETS WAKE UP AT 3am AND TAKES PICTURES OF BANANAS!!"
-Firestorm

~~~~~~~~~~

Firestorm- "Haha! I am the best hacker ever!!"

Icestone- "What are you doing?"

Firestorm- "I am hacking into the land to make it greenleaf instead of leaf-bare!"

Icestone- "What? That's not even possible."

Firestorm- "With this amaze-balls contraption it is!"

Icestone- "What contraption?"

Firestorm- *points* This is called the ultimate, totally legit, super real contraption that I got by trading away half our land with a rouge!!"

Icestone- "...Firestorm, that's a leaf."
~~~~~~~~~~

Spoof 45

Icestone again! Back to writing my spoofs...

Icestone and Firestorm are laying on the ground with a two-leg contraption known as a pillow...

Firestorm: *shoves face into it* I CAN'T BREATH *comes up gasping for air*

Icestone: It can't be that bad *puts face in the pillow for a few seconds* Hey, that pillow is really breathable!

Firestorm: oh sweet, really?

being smart, at the exact same moment Icestone and Firestorm both smash their faces into the pillow, which of course results in hitting their heads together

Both: OWWWWWWW

Icestone: why did we do that?

Firestorm: I don't knowwww....that really hurt....let's do it again.

So that happened...like a month or more ago, and I still remember the pain. IT REALLY HURT. STOP LAUGHING AT OUR PAIN DX

Chubby Bunny

Firestar: GUYS! Guess what! We're doing the chubby bunny challenge!

Cloudtail: OOO! Does that mean we eat as many fat rabbits as we can?

Firestar: Nope! It means we take these delicious two-leg food things called marshmallows, and see how many we can fit into our mouths! I'll start... *shoves one in mouth* CHUBBY BUNNY! *adds another* CHUBBY BUN- *chews and swallows the two before eating the rest of the bag* oops, good thing we have another bag.

Cloudtail: My turn! *fits 4 in mouth* MMMMYMMFFY!

Squirrelflight: I'll try. *manages to get 3 in before spitting them out* wow, those would be good pie toppings.

Jayfeather: I got dis. *crams 8 into mouth* MMBYBMMMY! *spits* I believe I won!

Berrynose: Not so fast, Jay! *slowly fits 17 in his jaw* CHUBBY BUNNY.

Thunderclan: :O

Rest of clans: :O

Starclan: :O he'll be joining us soon, the idiot.

Firestar: Are you...even fully cat? Are you part snake?

Daisy: HEY! What are you saying?

Firestar:...um, nothing.

Berrynose: *still has marshmallows in mouth* MMMFMYMMMN? MM?

Firestar: Wut?

Berrynose: *somehow swallows them* Do I win?

Firestar: Yes Berrynose, you win. You can have first pick of freshkill tonight.

Berrynose: I WANT MORE MARSHMALLOWS!

The whole forest: :I

Ask the Warriors!

Alrighty, so this one will have short spoofs in response to comments. I'm posting a few questions as exaplples, but feel free to ask others. Simply comment what you want to ask, and who you want to ask. It can be any cat from warriors, Icestone, or Firestorm (tag her @_Simply_Unique_) So let's get started!

1: What is your favorite color?

2: Who would you like to date?

3: How many times have you drawn on people with Sharpie?

4: What do you hate most about Tigerstar? (Tigerstar: HEY!)

5: What's your favorite candy?

6: Have you ever "borrowed" another cats possession?

7: How often do you groom yourself?

8: Why did you hurt me? (Everyone:.....wut)

These are getting weird....are there even answers for some of them? Maybe? I dunno.

9: Do you know what a fork is?

10: What is wrong with these questions?

11: Would you eat one of Firestorm's bananas?

:D yep. Ask away, and remember you are not limited to these questions, mainly because some of these don't make sense. Also comment who the questions you ask are for, and I'll get back to you ASAP...bai

1K followers special!

Firestorm Takeover Intro

[image]

Howdy!
So I'm bored and I wanna do something fun.

This takeover is going to be 3 parts. It's mainly just going to be random as usual, but I wanted to include some of the readers (that's you😉)

Here's what you do-
Comment down below and include the following:
1. Your warrior name
2. One random fact about yourself
3. Your favorite pun

I'll pick as many as I can and make 3 different spoofs.

ALSO if you have any ideas for the spoofs, add it below

#FirestormTakeover2k15

LET'S GO BANANAS
;)
-Firestorm

Firestorm's bananas

[image]

the picture is my inspiration
-I'm currently on a 10 day vacation, so when I get back I will post part 1 of Firestorm's pun party-

Firestorm- *wearing a banana suit, eating a banana* Icestone, is this cannibalism?

Icestone- ...it's *puts on sunglasses and pauses for dramatic effect* cananabananailism

Reasons why Firestorm shouldn't leave Icestone unattended

1: Icestone will walk around the house singing and talking to herself because she's bored.

2: She will also make cookies, burn the first three trays, and then just eat cookie dough to the point where she gets sick.

3: Lots of internet time with no point to it whatsoever.

4: Icestone decides it would be a good idea to drink like 5 cups of tea a day... (Spoiler alert: it's not)

5: HOURS OF LAYING ON THE FLOOR

6: She forgets to eat until like 2:00 in the afternoon and then just eats cereal.

7: Tells herself she's being productive when really we all know that's a lie.

8: Sharpie. All over me. I didn't mean for one small doodle to turn into tattoos up and down my arms and legs, which leads to...

9: She spends way too much time in the shower (and normally it's bad enough like seriously this is an issue)

MORE TO COME! Firestorm is gone all week, so I'm sure I'll do quite a bit more weird crap.

Spoof... idk

Firestorm- *leading around some random cat* So this WAS the ultimate, totally legit, super real contraption that I use to make it stop being cold... but Icestone fell on it... It totally wasn't my fault. She was supposed to fall in a different place when I pushed her and-

Icestone- ...Firestorm... Who's this?

Firestorm- oh this is some random cat that was lurking around our borders. It's okay tho. He said he's not a rogue.

Icestone- okay... *mutters* thats not suspicious at all...

Icestone- Anyways... What's your name... not-a-rogue?

not-a-rogue- Blazeclaw. But that's not why i'm here *pushes little blue pouch towards Icestone* This is for you

Icestone- *pokes pouch*

pouch explodes covering Icestone is a bright blue dye

Icestone- OH MY GOD *flails*

Firestorm- Well..... you did talk about dying your fur blue.

Icestone- *continues flailing* *screeches*

Blazeclaw and Firestorm slowly back away

Icestone- *still sounds like a dying whale*

45684 minutes later

Icestone- *Yelling something about blue not matching her shoes. Also sounds like a giraffe being murdered*

.....

Jayfeather- *grumbling* What is that horrible screeching noise?!?!? It's giving me a headа- *runs into a tree*

.....

Some say to this very day... you can still here Icestone screeching.

Hey guys, everyone who has stuck around with this mess of my writing for the years it's been here. You're all so amazing and I just want to thank every single one of you for being here. Every person who read it and played along in the comments, just having a good time like a big family. You were such an important part of my life for so long and writing this always made me so happy. It makes me sad to say this but I will no longer be updating this book. I know for awhile now I haven't really updated much (not at all since last year wow) so the is just closure and me saying thank you all. So much. Your support meant the world to me and you were all so nice. Thanks for giving me this chance to make people laugh with my terrible humor and random phase. It was good friends, we had some good times in the years. Icestone out <3

~I love you guys~

One last message

Hello there, my darlings. Was that weird? I feel like that was weird. As if this entire goddamn book isn't insane. I know Icestone posted her goodbye, and officially completed "Warrior cat spoofs! XD" (Why the face, Icestone? Why?) I had so many thoughts... Do I try to add a few more, do I do a Firestorm special? Do I pull out all my old notebooks, edit up a few of my little fanfictions and put them on here? Would anyone even be interested in this at all?

At the end of the day, the faces behind Icestone and Firestorm have grown up. Our adult lives are finally starting and we've gotten busier. We've lost that passion we used to have for Warriors and found new passions elsewhere. Every single one of you have been so supportive and I feel like it was just yesterday that Icestone and I were freaking out because of all the attention this book was getting.

A lot of you probably don't really care about this, but maybe a few of you do... if you want to see us, the real us, I'll add in my Instagram username down below. Perhaps Icestone will do the same. Feel free to check it out, out of curiosity, or needing someone to talk to. We'll be here. Just as you have been here for us.

You all have a special place in my heart.

For the last time, I say to you all...

buy my bananas. blowout special 10 bananas 4 one instagram follow. terms and contitions below.

Mini update plus a BONUS SPOOF ?!

Hey everyone! Miranda here (AKA Firestorm)

I wanted to let you all know that I've continued writing here on Wattpad! No fan fiction, just my original ideas, but feel free to check it out.

The story I'm currently writing is called Borrowed Destiny. It's something totally different than I usually write, but I think it's turning out alright. Chapter three was just published.

My current username is Not_Mirandaa and I'd seriously love you all forever if you checked it out!!
<3

- and here's a bonus spoof for you all. Surprise!-

Firestorm: *walks in covered in snow*
Icestone: it's the middle of greenleaf how-
Firestorm: don't. Ask. *pulls out a machine gun*
Icestone: okay EXPLAIN
Firestorm: the super real ultra contraption thing got mad at me and sent me to narnia
Icestone: ...I... okay but why the machine gun?
Firestorm: Voldemort is there.

-
Look at me channeling my inner 13 year old. Thank you, thank you. I was pretty proud of that one.
